### **Playing of unregistered players**

Under league rules it is an offence(18L) to play an unregistered player, sub sections, A, B & C set out the consequences of this being proved or admitted to and the decision to enforce these are at the discretion of the league MC. With a couple incidents being proved recently it has been

decided that the implementation of these subcategories on this occasion will not be enforced, however from here on there must be zero tolerance of this. If you have players not signed but pending speak to Arthur and ask him to confirm them, or indeed if you want to sign new players or transfer them put them forward in the usual way, each club secretary has a responsibility to ensure that all his players are registered before each match, not afterwards, also can each club secretary please have available the FA club portal as a downloaded app on this phone if the legibility of his players needs to be proved on a match day.

### **Confirming Games**

Can all home teams confirm with the opposition the venue, team colours to avoid any clash and the referee so he is aware of the location and venue of the pitch.
