### **Please download the FA club portal on your phone.**

Can each club secretary and their assistant have the FA club portal as an app on their phone please? As we make our way through the season it will be important to check squads for player registrations, having the app on your phone will provide the league official and/or referee to determine if all the players taking part in the game are registered.

### **Confirming Games.**

Please can we do this, but not in group chat but between clubs directly, it does save a lot of confusion on colours and pitches,
